

REMARKS

Claims 1-30 are pending in this application. Claims 1, 17, and 22 have been amended. Support for the amendments is found in the specification and claims as filed.

Priority

A certified copy of PCT/AU00/00352 is enclosed. Enclosed is a copy of the PCT/IB/332 indicating a demand was timely filed for international preliminary examination in PCT/AU00/00352. An appropriate reference to the prior PCT application PCT/AU00/00352 is now included in the specification. A new declaration correctly claiming the foreign and domestic priority has been prepared and will be forwarded to the USPTO as soon as execution by each of the inventors is completed.

Specification

The specification has been objected to for various formalities. The specification has been amended to clarify the communication relation between the end cap 20, the cleaning conduit 11, and the collar 4. The specification has also been amended to clarify the description of removal of effluent. Accordingly, Applicants respectfully request withdrawal of the objection.

Drawings

The drawings are objected to as not indicating the locking flange 6 in Figure 3. Figure 3 has been amended to depict the locking flange 6. Accordingly, Applicants respectfully request withdrawal of the objection.

Claim Rejections - 35 U.S.C. § 102(b)

Claims 1-7, 10, 12-23, and 25-30 have been rejected under 35 U.S.C. §102(b) as anticipated by WO91/16124. "A rejection for anticipation under section 102 requires that each and every limitation of the claimed invention be disclosed in a single prior art reference." *See, e.g., In re Paulsen*, 31 USPQ2d 1671 (Fed. Cir. 1994). WO91/16124. does not disclose every element of Applicants' claims, and therefore cannot be considered as an anticipating reference under 35 U.S.C. § 102(b).

Pending independent claim 1 recites a membrane filtration manifold comprising, *inter alia*, a clip adapted to "at least in part surround both said collar and said locking formation." Pending independent Claim 17 to a membrane filtration apparatus and pending independent Claim 22 to a membrane filtration apparatus bank recite the same limitation. WO91/16124 discloses a clip 68 that is actuated by the outer sleeve 56 being positioned over the clip 68. The clip disclosed in WO91/16124 does not at least in part surround both a collar and a locking formation, and therefore cannot anticipate pending Claims 1-7, 10, 12-23, and 25-30. Accordingly, Applicants respectfully request that the anticipation rejection of Claims 1-7, 10, 12-23, and 25-30 be withdrawn.

Claim Rejections - 35 U.S.C. § 103(a)

Claims 8, 9, and 11 have been rejected under 35 U.S.C. §103(a) as obvious over WO91/16124 in view of Hickok (US 5,401,401). To articulate a *prima facie* case of obviousness under 35 U.S.C. §103(a), the PTO must, *inter alia*, cite prior art that teaches or suggests all the claimed limitations. *In re Royka*, 490 F.2d 981 (C.C.P.A. 1974).

As discussed above in regard to the anticipation rejection, the pending independent claims recite a clip adapted to "at least in part surround both said collar and said locking formation." Also as discussed above, WO91/16124 does not teach or suggest this limitation. Hickok teaches a split ring clip, hand adjustable, with projections and flanges to engage with grooves in the mating pipe. The clip of Hickok does not, however, at least in part surround both a collar and a locking formation. Since neither WO91/16124 nor Hickok discloses a clip that is adapted to at least in part surround both a collar and a locking formation, WO91/16124 and Hickok, alone or in combination, do not render obvious Claims 8, 9, and 11. Accordingly, Applicants respectfully request that the obviousness rejection of Claims 8, 9, and 11 be withdrawn.

CONCLUSION

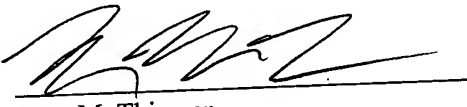

In view of the foregoing amendments and remarks, it is respectfully submitted that the present application is in condition for allowance. Should the Examiner have any remaining concerns that might prevent the prompt allowance of the application, the Examiner is respectfully invited to contact the undersigned at the telephone number below.
